ABOUT US

Established in the year 2002, we, Viay Rolling Shutter , are an eminent organization. involved in manufacturing, trading and supplying Automatic Doors, Window Blinds and Wall Partitions. Our wide assortment of products offered are manufactured using superior quality raw material and ultramodern technologies. At our premises, the manufactured products are developed in accordance with the international quality standards. Our range of these products find their applications for various shops, malls and restaurants. The range manufactured at our premises is highly appreciated in the market for their dimensional accuracy, resistance to corrosion and abrasion, strong construction, low maintenance cost and durability. Sprawling over a vast area, we have developed a sophisticated infrastructure facility. This facility enables us in manufacturing and delivering quality products to the clients. All our manufactured products are stringently examined on varied parameters to ensure their compliance with set industry standards. To meet the specific demands of the clients, we provide customizations for the offered range exactly as per the specifications detailed by the patrons. We ensure that all the ordered consignments reach the clients' preferred destination within the promised time.
